Dear Mr. Putman,

We were very pleased that you could come to the meeting of the Eagle Lake Property Owners' Association last Saturday, and I am extremely delighted that you can help us with our pollution problems.

I am enclosing copies of the correspondence about which we talked that day. I hope that they are helpful.

As promissed, I will furnish you with a list of the property owners, but it will not be immediately. I have a series of meetings which will preclude my getting at it this week - but it shall be done!

Thanks again.

Sincerely,

Robert C. Stevens
