Dear Mr. Lodge:
 Just a few lines to let you
 know what is going on at
 Eagle Lake. About two days ago
 I noticed that the water in the
 lake was going down very fast. I
 went down to the foot of the lake
 and to my surprise found that
 the dam had been torn out.
 I reported the matter to Mr. Moore
 the Whites and at Wood- they are
 going to get busy and see what
 can be done. The water has gone
 down over 3 feet and is still going

For 20 years past we have
 been selling the large
 bolts and cloths for
 cleaning the new & old
 Patent Post rate making
 it possible for us to
 furnish the cloths and
 to smaller users than for
 we solicit your order
 for a 19th at 24c
 \$4.56

These bolts and cloths will be found
 most useful ~~where~~
 for cleaning and repair
 purposes

down. Now Mr Judge if this matter
 is not attended to and the dam
 is not repaired it will affect the frontiers
 of the lake and be a damage to all
 cottages on the lake. do not think
 that houses are useless unless
 moved. Now we would you to
 cooperate with us and see if some-
 thing can be done. would it not
 be advisable to go up to the Capital
 and see the right party about
 it and ascertain if such a job is
 legal. It is said that a Mr. Mott
 and Mr. Mead of Wisconsin

Dear, I regret that I cannot
at this time send you the
mention is connected with the
Pulp & Paper Co. & suppose he is after
the pulp work but they do have
distributed the same no one can
explain. If you will find out
what you can for me and let me
know I will appreciate it. I know
you are interested in our work
than me. You can imagine what
over 3 ft from water means.
I hope you are well.
