My dear Luthy, ^{Dear} Just a few lines to let you
know that I have not yet heard from
you what the Judge's decision was —
possibly it has not yet been handed down
& I am inclined to think it was against
otherwise I think I would have had some
letter or other from Flint by this time.
I have written & asked Flint & expect a
reply most any day now. I do not know
where Flint is at present but I took a
chance & sent the letter to Eagle Lake.
My father is not improving any.
The other large family are well & send
our best regards to you & Mrs. Luthy.

Sincerely Yours
Robert Fung
