Dear Mr. Luthy:-

Enclosed find copies of correspondence which explain themselves. I am sending two copies with the thought that you may want to send one to Mr. Wickes or return it to me and I will send it to him if you think wise. I hope the conclusion reached will help to solve the problem but I have not enough information before me to determine the question. Of course I shall be glad to do anything further that you want me to.

Sincerely yours,
