My dear Latty:

I enclose the last letter from  
Mr. McKim, which shows the Ethiopian  
in the wood pile & Harris Estate sold  
to Newton to get out of putting up the  
dam & are 10 to 1 behind the  
whole matter. If truth were known,  
they claim to be injured same as we, &  
if the Harris home is going to pieces  
they don't much care - know we will  
fix it all up again.

From <sup>Commissioner</sup> ~~Commissioner~~ letters the <sup>inference</sup> infer-  
ence is that Harris & Newton must pay for  
new dam. The Commissioner notified them  
several times at least Estate & Newton that  
they must build a new dam - before  
this one was destroyed - "D. Ham" "Com";  
letter to that effect, now, the State & County don't  
own the dam land - The State will not "stand"  
for <sup>any</sup> non-ownership of any land!

Let me <sup>have</sup> ~~know~~ do is to insist that the  
Com. order Newton & Harris to build Dam  
ask them to order Stry General Comaly to set  
"De Lu Can" set away from his State Rights "bug" about  
any.

"Ethiopian Dam" see page about Dam Thursday, as answer to Peter Flint  
Nelson was going to pay & ans, wither you!  
Protestant will write you!  
Suplicable Newton  
over

<sup>we</sup> I am sure & insist the Commission will  
 have to take this matter right up I believe  
 they can order the dam built by the  
 power. Surely they have power & they  
<sup>control</sup> control every dam & if they don't act  
 there will be some Creekery broken  
 through the Fort & Stream <sup>my</sup> Press  
 I have a pair of Column Editions in  
 The Sunday Press & other days very  
 often & take the <sup>my</sup> Press for laws by <sup>con</sup>  
 always reads T+S + Press before breakfast now

any question you may send out  
 all see published in <sup>the</sup> columns.

We can at once put it before  
 the whole Progressive forces of the  
 State as The Press is <sup>the</sup> <sup>main</sup> paper  
 now. You see. So is Fort & Stream

I am sure Cum & going  
 brought Sulzer into them  
 they are & take care of us

He will lead the next  
 Legislature all his wanted  
 reforms like <sup>like</sup> Prussian Law went  
 with a whop last week
