Dear Mr. [unclear] Have your letter & postcards of Jan 20. 26 & 28th with note contents  
 Red copy "waterways" but did not get copy 755 nor did I read how Gully  
 picked Red Shuman -  
 was surprised to hear that his person in the Edith waterways paying  
 - protest was a small matter! Because they will try to get back again through  
 medium of the press now. Hope that Gully may find position to assist  
 in our cause & make it "hot" for the Cons Com. & others whole matter  
 as a laid before Gully by Mr. Beechey as you suggest, it may be  
 right way for the Gov. to espouse our cause -

It should want to write Gully & address him to Morgan Campbell &  
 d. Eng, who have his private address -

usually heard from Gully - in case copy of his letter  
 tells me what you think of such a proposition

In the meantime with regards to your need for next summer  
 study, come

Edith Gully

Do you have any original letters that I sent  
 you in re - Eagle Lake Dam return to I saw  
 record I saw in my files.

Enclose sketch from State Cons. Map showing  
 lands <sup>with</sup> owned by the State where ~~part~~ 39 State land  
 is directly opp. Newtons land & quite likely the  
 Dam is partly on the property in any event  
 with ~~the~~ the State owning ~~part~~ 39-25-22 & 23  
 the Dept. surely be interested with us in  
 if the dam restored - Look up your State Map.
