My dear Mr. Flint:-

Enclosed  
two page  
PO application  
signed and  
of land at  
Gossumet

January 5<sup>th</sup> 1913.

In entering the minute record of the fifeth annual meeting of the Eagle (Chilson) Lake F.O. Association, at which meeting you acted as Secty pro. tem. I find that the application blank for brown trout fingerlings, which the meeting requested from the Conservation Commission at Albany must be sent in previous to July 1<sup>st</sup> for the 1913 requisition.

I have therefore filled in the various numbers on the application form as best I knew and would have you look over same, make any necessary corrections or additions.

I find that on page 3 of the form there is required a signature of the owner of the property at Gossumet; I believe Alouson Moore owns land

4 there, and if so, kindly mail this form to him for his signature. At the same time, if Alouson is the owner as I think, you had better fill in blank spaces as follows:-

- 1 No 23- yes- (tell him to pay this & the El Poason will refund)
- 24- Ticonderoga, N.Y.
- 25- " " "
- 26- " " "
- 27- D. & H. R.R.

Name of applicant - Alouson Moore  
Address P.O. Chilson, N.Y.

Having never seen these forms before I did not know whether Alouson owned land there positively or not. However I believe he does. I would suggest after Alouson signs this ~~with~~ <sup>you</sup> have him mail application back to you, to make sure it goes to the Conservation Commission in time at the same time, it would do much good for you to write Mr. Bean in connection therewith when you

much of a gratifying result as far as stocking the Lake with bass has gone.

I am confident that, since you have opened a correspondence with Mr. Bean, he will assist us this year, more than heretofore; I hope he can come up to the Lake next Summer so we can all meet him personally, in fact if we knew when he could come, say in August or latter part of July, would be glad to call a meeting & have him speak before the Association.

Mrs. Luthy joins me in sending our sincerest regards to you & Mrs. Flint. Awaiting your immediate attention to these matters & trusting you will get the application to the Commission in time. I am

Sincerely yours

Edmund Luthy
