My dear Mr. Rodgers:

Last Saturday, we had a meeting of the Eagle Lake Association over at Mr. Luthy's Cottage. You, Elliott Spalding and I, were appointed on a special committee for the restoration of the Dam at the lower end of the Lake. I know that this item has been on the fire continually year after year and has never got any where. Yet, everyone on the lake wants it done.

I have started to do some lobbying and intend to follow it up and see if we can get some action. I need not tell you about the level of the lake and the gradual lowering of the water as you know all about these conditions.

Right now, it will help get action if we go after the Conservation Commission at Albany and put ourselves on record that we want the small dam restored. Will you write them a letter to that effect? If you know any of the officials personally please speak to them about it.

We are having a big get together and out door party over on Crown Point beach, Saturday August 23d. Every resident on the Lake will be there and I hope you can. All the families and guests are invited to come along.

With best regards,

Cordially,
