

THE ROUTE 74 ASSOCIATION  
Founded 1978

September 1978.

TO: All Directors

FROM: Whitman Daniels, President

- 1. Your Association is moving along promptly in accordance with plans formulated at our organizational meeting. Your officers will go to Albany September 20 for a conference with NYS Department of Transportation Commissioner William C. Hennessey for a thorough discussion conveying your views expressed at the Paradox Community Center the evening of August 31.

Contact has also been made with the headquarters of International Paper Co. looking to an early get-together with their officials relative to the Route 74 situation.

You will be kept fully apprised of the outcome of these meetings and of other developments.

- 2. As stated at our organizational meeting, you directors are our best membership promotion persons. Therefore, to assist you in this, we have attached a couple of member enrolment forms. Also included is a listing of attendees at our August 31 meeting on which is indicated those who are already members. Those who have not yet paid dues may be considered prospective members. Other prospective members include many persons who, for one reason or another, were not at our meeting but whose interests are at stake and who would want to support our aims. So we count on all our directors to do a thorough job!

WE NEED A STRONG ORGANIZATION to get things done! And the strength of an organization is gauged by the size of its membership!
