Ans. part 2

Dear Edmund:

As Mr. said to write you about
S. C. Norton tearing out the dam
at the foot of the lake. I have
written all the colleges on the
lake about it. I asked Mr. Lodge
to see the state Dept. about it. and
write me what he found out. He
has no idea why he did it. &
what his object is in doing it.
We have taken the entire dam away
when the bridge is - 11 feet wide
and $3\frac{1}{2}$ feet deep the water is 10 ft.
Now $3\frac{1}{2}$ feet and still going down.

Every one on the Lake will have to
 wear their dress and hat on
 and it means rugged and lasting
 shoes and hats. The work of the
 Lake very much. What a shame
 that some one on the Lake did not
 get that lot. I hope you have
 written the state report about it.
 I learned to day that Newton was
 going to put up a kind of a
 saw mill down there. but that
 would be bad for the people on
 the Lake for the water would be up
 and down all the time.

I only hope this letter will reach
him but it- back as it- was.
Wm. says he will take care of it.
as soon as he learns more and then
from the property owner on the lake.
I have written him all and expect
to hear from him soon. I put a
line out as soon as I learned of it.
Myself I can walk right out in
front of Houghtalings Landing the cabin
is ^{several} feet from the dock. it is
an outrage Edmund.

The judge is some better than he was
lately due I presume to the fact that
he received by it last night a bag
of Whiskey from Mr. Stevens to him x.
He drank of the bag through. He says it
is great fine stuff. it brings the smile
out on him you bet. I will keep an eye
out on him as to your interest Edmund and
will keep you posted from time to time.
The weather is cold to night about
20 above.

Best wishes to you and all.

Your friend
Cass B. Plase.
