De Eagle Lake

55 East 21st St

NEW YORK,

July 17

1914

Dear Lette

I just got letter from Mr. Bean.

I & Jangle. acky mine of Jan 10 enclosing
"you sent & Lette. Say:

I don't see how Bean and you, as this sub
jet belongs to the Division of Inland Waters to which
Division it has been referred. I would very cheerfully
assist you in your efforts to preserve the game fish of
Eagle Lake if I knew how my services could be made
effective, but with the complete lack of authority
I have no authority.

I hope, however, that this matter may be
arranged to the satisfaction of all.

continued. I send you National Official Waterway
Magazine. Its Editor sent for me and asked for
the article. Commission had refused through
Sherman to do anything. Hence 2nd step

as outlined in my Campaign - Publicity of
the fairest possible sort. Let the light be shed
give them a chance to get back - if they can.

If you get 2 copies of Waterways send one to Pa
at 1000 10th Ave. He will join us in Complaint
at us to that Nation moving. You the both
should join me & the rest. We can bring suit
in Erie County. I shall move for an order
in advance that dam be built by Newton.
They will have to build it all right just as

So as the Supreme Court touches them.
Of course, I believe that Mr. D. will build
around as they have been directed to
do by Con. Com. but we must have
some surety to convince us of their
sincerity - like letting the contract before we
shall let go of them now.

I have sent a copy of Waterways to
Gov. Glynn I have written a personal letter
asking him to do what he can for our
Colony. I have been engaged by Fox &
Stream, my old paper, to write this question
up & the F & S is already in Blaus hands.

Gov. Glynn's letters of the Legislature.
The same journal has asked me to write
an article on "Suggested Legislation in regard
to Fox Fisheries & Game" this is 4800
words & will be out next week when it
is printed to 360 Assemblymen & Senators in
N.Y. by the management. I will send you
a copy of it you can send for Jan 17th
1914 from your Cincinnati "Breitbart".
I have to play with Poillon tonight &
I other members of a flute (without
fiano) quartet. With soon
